

## ICSINC BIG DATA WORKSHOP 2021

13-17 SEPTEMBER, 2021, JINAN, CHINA

<http://icsinc.cn/bigdataworkshop.html>

### International Steering Committee

Yongsheng Chi, China Unicom  
Xiongyan Tang, China Unicom  
Hengde Zhang, NMC of CMA  
Rui Zhao, NMC of CMA  
Yao Chen, UESTC

### General Chairs

Xinzhou Cheng, China Unicom  
Lexi Xu, China Unicom  
Feng Yin, CUHKSZ  
Gaofeng Cui, BUPT  
Xin Hu, BUPT  
Llanbo Song, CAICT  
Wenwen Zhou, Alibaba Cloud, China  
Xu Xia, China Telecom, China  
Tianhao Guo, Shanxi University  
Jingjing Zhong, Helpling Singapore  
Yu Liu, Amazon USA

### Track Organizers

Kun Chao, China Unicom  
Jian Guan, China Unicom  
Jie Gao, China Unicom  
Yuwei Jia, China Unicom

### Secretary

Chen Cheng, China Unicom  
Xin He, China Unicom

### SCOPE

ICSINC Big Data Workshop 2021 promotes the in-depth exploration of the most recent theory, applications, and development findings of big data and machine learning. This workshop welcomes the participation of the industry to showcase and commercialize their relevant technology and application as well as platform. Scientists, engineers, and students are encouraged to get involved.

### SUBMISSIONS

Papers should be written in English with a maximum paper length of eight (8) printed pages including figures without incurring additional page charges. Submitted papers must be original work, and may not be under consideration for another publication.

All manuscripts will be peer reviewed according to standard procedures before being accepted for publication in the conference proceedings. Papers can be rejected if the quality of science and/or language is insufficient and there will be a strict and critical review process in place.

The paper must follow the formatting guidelines. Papers can be submitted via EasyChair: <https://easychair.org/conferences/?conf=icsinc2021>

### PUBLICATION

All accepted papers will be published in the conference proceedings by Springer LNEE. Papers included in the proceedings will be submitted for **EI indexing**.

All papers of Past Big Data Workshop 2015-2020 have been indexed in EI.

### IMPORTANT DATES

Submission deadline: 30 May 2021

Author notification: 20 June 2021 Camera-ready: 1 July 2021

### TOPICS

#### Track1: Big Data Science and Block Chain

- Deep reinforcement learning technique and application
- Big Data system architecture (Hadoop/Spark/MPP etc.)
- Big Data system performance analysis
- Data mining, data quality, data visualization
- Block chain technique and application

#### Track2: Big Data R&A on Telecom Industry

- Big Data based network operation and optimization
- Big Data assisted telecom operation
- Big Data on Massive MIMO in 5G/6G
- Big Data on Cloud AR/VR
- Big Data analysis of users analysis
- Big Data analysis of network quality & performance
- End-to-End Voice & Data service optimization
- Resource allocation and management in LTE /5G/6G

#### Track3: Big Data R&A on Meteorology Industry

- Big Data on weather forecasting: Applications and challenges
- Big Data on air quality forecast and early warning
- Machine learning in meteorological field
- Smart grid prediction technology
- Meteorology big data and relevant industries

#### Track4: Big Data R&A on Relevant Industries

- Big Data on finance, business models, marketing strategy
- Big Data on transportation, smart city, smart mobility
- Big Data on vehicle network and electrified vehicles
- Big Data on water environment
- Big Data on travel, advertisement, medical treatment
- Big Data on satellite network and IoT
- Data analysis on railway scenario
- Big Data relevant standardization
