

## ICSINC BIG DATA WORKSHOP 2023

SEPTEMBER, 2023, CHENGDU, CHINA

<http://icsinc.cn/bigdataworkshop.html>

### Steering Committee

Hongwu Li, China Unicom  
Xiaoyu Ye, China Unicom

### General Chairs

Xinzhou Cheng, China Unicom  
Lexi Xu, China Unicom  
Haibin Li, China Unicom  
Mingxin Li, China Unicom  
Kun Chao, China Unicom  
Hong Zhu, CNIS, China  
Huanlai Xing, SWJTU, China  
Gaofeng Cui, BUPT, China  
Chaowei Wang, BUPT, China  
Cheng Wang, BUPT, China  
Xin Hu, BUPT, China  
Yizhou He, CAICT, China  
Feng Yin, CUHKSZ, China  
Shoufeng Wang, AsinInfo, China  
Xingchen Shen, ISCAS, China

### Track Organizers

Jian Guan, China Unicom  
You Zhou, China Unicom  
Fengxian Wan, China Unicom  
Jie Gao, China Unicom  
Runsha Dong, China Unicom

### Secretary

Xin He, China Unicom  
Yuwen Huo, SWU, China

### SCOPE

ICSINC Big Data Workshop 2023 promotes the in-depth exploration of the most recent theory, applications, and development findings of big data and machine learning. This workshop welcomes the participation of the industry to showcase and commercialize their relevant technology and application as well as platform. Scientists, engineers, and students are encouraged to get involved.

### SUBMISSIONS

Papers should be written in English with a maximum paper length of eight (8) printed pages including figures without incurring additional page charges. Submitted papers must be original work, and may not be under consideration for another publication.

All manuscripts will be peer reviewed according to standard procedures before being accepted for publication in the conference proceedings. Papers can be rejected if the quality of science and/or language is insufficient and there will be a strict and critical review process in place.

The paper must follow the formatting guidelines. Papers can be submitted via Email [icsinc@163.com](mailto:icsinc@163.com)

### PUBLICATION

All accepted papers will be published in the conference proceedings by Springer LNEE. Papers included in the proceedings will be submitted for **EI indexing**.

**All papers of Past Big Data Workshop 2015-2022 have been indexed in EI.**

### IMPORTANT DATES

Submission deadline: 1 July 2023 (deadline extension)

Author notification: 17 July 2023

Camera-ready: 7 August 2023

### TOPICS

#### Track1: Big Data Science and Block Chain

- Deep reinforcement learning technique and application
- Big Data system architecture (Hadoop/Spark/MPP etc.)
- Big Data system performance analysis
- Data mining, data quality, data visualization
- Block chain technique and application

#### Track2: Big Data R&A on Telecom Industry

- Big Data based network operation and optimization
- Big Data assisted telecom operation
- Big Data on Massive MIMO in 5G/6G
- Big Data on Cloud AR/VR
- Big Data analysis of users analysis
- Big Data analysis of network quality & performance
- End-to-End Voice & Data service optimization
- Resource allocation and management in LTE /5G/6G

#### Track3: Big Data R&A on Meteorology Industry

- Big Data on weather forecasting: Applications and challenges
- Big Data on air quality forecast and early warning
- Machine learning in meteorological field
- Smart grid prediction technology
- Meteorology big data and relevant industries

#### Track4: Big Data R&A on Relevant Industries

- Big Data on finance, business models, marketing strategy
- Big Data on transportation, smart city, smart mobility
- Big Data on water environment
- Big Data on travel, advertisement, medical treatment
- Big Data on satellite network and IoT
- Data analysis on railway scenario
- OpenAI, AIGC application
- Big Data relevant standardization
